Codes for Recommendations:

R = Required

RH = Historically collected and currently transmitted.

RS = Required, site specific.

D = Derived

. = No recommendations.

* = When Available

= Central registries may code either the SEER or CoC data item

+ = Central registries may collect either SEER Summary Stage 2000 or Collaborative Stage

^ = These text requirements may be met with one or several text blocks.

▲ = NDSCR data field only
